

In my vision of the future:

I'M KEEPING IT SIMPLE.

At Hospira, we never stop listening to the needs of patients, caregivers and healthcare facilities. So when customers expressed an interest in improving efficiencies, we created a more consolidated Aminosyn™ (Amino Acid Injection) product line that simplifies inventory management and order processing. It's just one of the ways we're working with you to move healthcare forward.

Advance with us.

WE LISTEN.

WE THINK.

WE DISCOVER.

WE CREATE.

WE ADVOCATE.

WE INVEST.

Product Update: Aminosyn™

WHY UPDATE OUR AMINOSYN OFFERING?

*Comprehensive
portfolio*

You spoke; we listened. Our Aminosyn portfolio has changed for the better. The simplified portfolio is designed to help streamline inventory management and ordering. And a better portfolio means a more efficient workflow for everyone. See our comprehensive and efficient portfolio below. At Hospira, we continually work to optimize products in order to meet your clinical needs.
