

In my vision of the future:

I'm realizing efficiencies.

At Hospira, we never stop listening to the needs of patients, caregivers and healthcare facilities. So when we discovered that customers shared our commitment to reduce the impact of healthcare on the environment, we developed more environmentally friendly standardized packaging for select specialty injectable pharmaceuticals. Together, we will move healthcare forward.

Advance with us.

WE LISTEN.

WE THINK.

WE DISCOVER.

WE CREATE.

WE ADVOCATE.

WE INVEST.
